

## **Content Disclaimer**

IBA exercises no control over and accepts no responsibility for the content of the information passing through or made available via the Campus platform ("Content"). IBA specifically denies any responsibility for the accuracy or quality of information obtained through Content provided by third parties via the Campus platform. IBA exercises no control over and has no responsibility for the accuracy, quality, security or other aspect of any Content accessed, received, transmitted, stored, processed or used through the Campus platform (except to the extent particular services explicitly state otherwise). Use of any information obtained via the Campus platform is at your own risk. IBA is not responsible if the level of security protection you use for any particular Content is insufficient to prevent its unauthorized access or use, to comply with applicable law, or to otherwise fully protect the interests of yourself, your organisation and others in that Content.

## **No Medical Advice**

You understand and agree that the Content made available via the Campus platform is meant for basic informational, or educational purposes only. It is not intended to serve as medical advice or to be used for diagnosing or treating a disease, nor does it contain or can it be construed as containing any representation by or on behalf of IBA in contravention of any applicable legislation in relation to the medical profession. Proton Therapy can only be used for indications explicitly approved by regulatory authorities in the country of use. Approved therapeutic indications may differ from one country to another. (see <https://www.iba-protontherapy.com/iba-page/intended-purpose>). The information included in any Content does not substitute for your need to research carefully the suitability of proton therapy for medical conditions personal or otherwise and to consult a medical professional. IBA, its respective successors and assigns, officers, directors, members, employees, agents, licensors, representatives, advertisers, business and promotional partners, operational service providers, are not responsible and are waived of any liability for the use of the Content in the care of patient and personal health. Users of the Campus platform are advised to consult with a physician before making any decisions concerning their or others' health.
